

## **Botox after Care Guide-lines**

- Do not touch the area treated for at least 4 hours.
  
- Use of the muscles treated will help absorb the Botox.
  
- Allow a full 21 days for best results.
  
- If you cannot frown the Botox has worked and no top up is needed.
  
- If you cannot frown but are still left with small lines the Botox has worked and no Top up is needed.
  
- If you can frown a top up is needed and must be done only after 21 days,
  
- You should attend the same clinic in no less then 21 days and no more then 30 days for your Top up.
  
- If this is not possible you should arrange an appointment at the Stourbridge clinic within this time.
  
- If you have any concerns what so ever contact your our team at 01384 373734 or 07930619030.
